

Mrs. Webber

7th Grade Mathematics
Alicia.Webber@wlps.net
(734)449-4461 #3017

Welcome to 7th grade math! In this course we will investigate all of the topics in the 7th grade common core math. Students will read, write, investigate and explore, model, and reflect on mathematical concepts and their own mathematical growth. During the year the following topics will be covered:exploring variables & logic, distance & inequalities, systems of linear, place value, operations with fractions & decimals, area w/ models, translating algebra into words, solving for variables, plotting points using tables, and graphing!

Our class will have a daily structure

- Do Now (first 5 minutes) silent seat work (collected weekly)
- Homework Review
- Direct Instruction/College lecture/lesson
- Guided Practice
- Independent Practice (homework, classwork, project)
- Closure/Reflection
- Dismissal - by row (quiet)

Course Grading (80% of final grade) Retakes / How it works

Tests	%50	-Can be taken for any <u>2</u> tests retakes during semester. (4 a year)
Quiz	%20	-Tests will contain similar questions with different numbers.

Classwork/		1. Complete test corrections - and show all work
Participation	%15	2. Go over test corrections w/ Mrs. Webber (lunch, before/after school, Trojan Time)
Homework		3. Study the corrections & Schedule retake.
*(with work)	%15	

MidTerm/Final %20(of final grade)

PowerSchool will be updated on a weekly basis. If you have a questions about about your grade on an assignment/test/quiz you can ask me before, after, or via email.

Late work

Late work will be accepted for a %50 F (%50 is better than %0)

Extra Credit

There isn't any. Do the 'regular' credit.

Absent Work

Yes! We did work while you were absent, but you have an opportunity to make it up. You will be given one day for every day you are absent to submit your 'absent work'. After that - the 'absent work' will be marked as late and earn %50.

Norms/Expectations

Be Respectful

Be Responsible

Be Safe

Persevere/Growth Mindset

Necessary movement and comments only :)

Respect

*Students will maintain a respectful and positive attitude toward the teacher and classmates.

*Be on time - Being late is my biggest pet peeve. On your third tardy you will receive a detention. (and each time after that)

*Take care of all school issued items in class (calculators, protractors, etc.)

Behavior

*No sleeping in class! If you sleep, you will stand for the duration of the period.

*Respect Others. If the teacher is teaching, you should be listening, learning, thinking, & reasoning.

Responsibility

- *Keep all graded work! (in your folder, sorted/organized) DO NOT throw away any of your graded assignments until AFTER you report cards: midterms/finals.
- *Check powerschool regularly! Keep track of your missing assignments.
- *Cheating is not tolerated. If cheating is suspected administration and parents will be contacted, and credit will be lost for that assignment/quiz/test/etc. (Letting your friend copy your homework is cheating - and helping a peer cheat)

Materials

- *Come prepared. Bring your notebook, pencil, and homework everyday.
- *My classroom is a **RED** classroom, meaning you should not have your phone/ipad/ipod/etc out during class time. There will be a few days during the semester where personal tech will be allowed. Most of what we did required little technology.

I have read/understand the rules and expectations for 7th grade mathematics. I acknowledge that it is my child's responsibility to contact Mrs. Webber if he/she has any questions or concerns.
